Aja

Beat my chest like a gorilla
(Jiggle, bounce like I'm Tigger)
Snatch his ass 'cause I'm a cheetah
(Zoom by when I see ya)
Got me laughin' like hyenas
(Oh, shit, nice to meet ya)
Bitches, welcome to my kingdom
(Bow down when you see him)

I think I'm fly 'cause all I see is birds
Fuck they talkin' 'bout? All the shit they heard
They need to put that bum shit up on mute (Up on mute)
'Cause all that chirpy-chirp-chirpin' is absurd (It's absurd)
I ain't never need a boost (I ain't lookin' for one)
All I do is bring the juice (I ain't cookin' for none)
I'm about to chuck a deuce (I ain't pullin' the stunts)
Yeah, I might've learned some couth (But they duckin' the guns)
Duckin' gossip, that's irrational
Parrots on repeat, fuck an animal
Say what you want, I'm international
Been in sicko mode, I'm a cannibal
I ain't scared to have a feast, ho (Feast, ho)
Rap is hungry, I'm in beast mode (Rrr!)

Got 'em bent like origami, been the boss, I'm Giovanni
In the Jaguar or Ferrari, fuck it up, I'm never far-ry
You don't really wanna feel the wrath
Bulldoze other bitches out my path
I'ma press the button that'll bust the cap
Like I shift keys all around the map
Yeah, I said the map, I'm all around the globe
And I move fast, wrist like a strobe
You can never ever run from me
They will never have enough for me

Beat my chest like a gorilla

But I'm back to the cave, bitches gon' hate
I call her Paul Walker 'cause my spot she wanna take
I'm talkin' takers, you late, are you woke or you wake?
I toss shit in your face like we up on a date
You don't want beef, baby girl, my shit stale
Name hold more weight than an ape on a scale
Gave him some Gucci that's wet like a whale
That he holdin' on to like it came with a rail
This that rigatoni pussy, your pussy is canned food
Tom and Jerry twat, that pussy is ran through
