

# Willy Wonka

Aja

I chew you Runts like Laffy Taffy  
Swallow you like Pixy Stix  
I run this shit like Willy Wonka  
You just want my golden ticket  
Try to steal my Bottle Caps  
I'm out here on some shopping Sprees  
My kinda flow leaves you Kazoozle'd  
Got you Nerds right on your knees

I got that golden ticket  
Life so sweet, you wanna lick it  
I got that golden ticket  
Life so sweet, you wanna lick it

They wanna break? I tell 'em eat a Kit Kat  
I'ma eat the cake, frosting on the wrist back  
You not a Smartie, I ain't with all the chit-chat  
Goons will make the Starburst with the click-clack  
I guess I gotcha lookin' like a Crunch bar  
And I see you Sour Patches lookin' subpar  
Been on that magic, Melissa Joan Hart  
Your crew is lookin' tragic, so I'ma bombard  
That wasn't shady, I just threw a couple M&M's  
Poppin' like Big Red flow on cinnamon  
They want a golden ticket, but they do the minimum  
Yeah, I'm sweet, they gonna need some Insulin

I chew you Runts like Laffy Taffy  
Swallow you like Pixy Stix  
I run this shit like Willy Wonka  
You just want my golden ticket  
Try to steal my Bottle Caps  
I'm out here on some shopping Sprees  
My kinda flow leaves you Kazoozle'd  
Got you Nerds right on your knees

I got that golden ticket  
Life so sweet, you wanna lick it  
I got that golden ticket  
Life so sweet, you wanna lick it

I got that golden ticket  
With them, all I hear is crickets  
And I don't believe in limits  
I am blessed and stackin' digits  
And my Pop Rocks are so frigid  
And these Snickers are so rigid  
I think I need an Oompa-Loompa  
To set it right for you bitches

Bank is right, call me Chips Ahoy  
You work for me, you my employee  
Better move back 'cause my crew destroys  
My Oompa-Loompas have been deployed  
Better move back 'cause my crew destroys  
Better move back 'cause my crew destroys  
My Oompa-Loompas have been deployed

I'ma turn them into Reese's Pieces  
You rotted cavity, bitch, I'm beastin'  
Better move back 'cause my crew destroys  
My Oompa-Loompas have been deployed

I ain't got time for these gluttonous Gloops  
Pockets stay full, don't even fit in the coupe  
All this ice cream, I don't need the scoop  
Funny when I talk, they switch on mute  
Chew your gum, bitch, all I hear is smackin'  
Funny 'cause that shit you released ain't slappin'  
Better move back 'cause my last name clappin'  
I got a Dubble Bubble that'll blow the strap in  
Why you turnin' violet? Is it 'cause I'm gettin' violent?  
My wrist is on that Neptune and I'm holdin' on that trident  
I chew you Airheads out like I'm chewin' on that Trident  
They watch me on TV while I swerve 'em on recliner  
They obsessed with my lolly, hypnotic, I'm Svengali  
They poppin' all them Dots on the streets like it's molly  
It's just that sweet flow that I have and I embody  
I'ma pull a draft, Oompa-Loompas kamikaze

Bank is right, call me Chips Ahoy  
You work for me, you my employee  
Better move back 'cause my crew destroys  
My Oompa-Loompas have been deployed  
Better move back 'cause my crew destroys  
Better move back 'cause my crew destroys  
My Oompa-Loompas have been deployed  
I'ma turn them into Reese's Pieces  
You rotted cavity, bitch, I'm beastin'  
Better move back 'cause my crew destroys  
My Oompa-Loompas have been deployed
