

Normal

AJR

That was my favorite song, don't listen much anymore
My likeness isn't me, My likeness isn't at all

Is it normal to stand here, and wish that I was back at home?
Is it normal to tell her I can't be normal anymore?
I don't know
So maybe I should go back home

I made a party song, so I'm in all of the dorms
I showed up once or twice, I think I'm missing the point

Is it normal to stand here, and wish that I was back at home?
Is it normal to tell her I can't be normal anymore?
I don't know
So maybe I should go back home
So maybe I should go back home
Maybe I should go back home

My friends have all new friends, I'm scared that they like 'em
more
So I made a party song, now I'm in every dorm
