

## Role Models

AJR

3, 4

All my role models are on TV for the wrong reasons  
And, I will unravel if you rip away my best pieces  
Would've never come so far, without someone there to start it  
Can I truly love the art, when I kinda hate the artist  
But, all my role models are on TV for the wrong reasons  
Wrong reasons

This time of year, I'm feelin' weird, might be allergies  
Wanna move out, but when I move out, who'll be proud of me  
Thought I was made, from men that were great, put that crown on  
me  
Thought I was made, from Louis C.K

But, all my role models are on TV for the wrong reasons  
And, I will unravel if you rip away my best pieces  
Would've never come so far, without someone there to start it  
Can I truly love the art, when I kinda hate the artist  
But, all my role models are on TV for the wrong reasons  
Wrong reasons

I used to say, just what's on my brain, cause you always did  
You used to be, so special to me, now you've taken it  
Look at this mess, should I forget, what you gave to me?  
Look at this mess, wake up Mr. Wes

Cause, all my role models are on TV for the wrong reasons  
And, I will unravel if you rip away my best pieces  
Would've never come so far, without someone there to start it  
Can I truly love the art, when I kinda hate the artist  
But, all my role models are on TV for the wrong reasons
