AK

Yeah

Yeah, and ever since I started making moves  
I see everyone around me start to make they move  
Tryna get closer to me 'till they make the news  
When they disappear, man I fuckin' hate them fools  
Everybody tellin' me I should rap like the old me  
One verse, cold beat, no hook, oh please  
They don't really want that  
They talk, but they don't mean  
Anything they say, nowadays they got cold feet  
I don't really think they see how much I've grown  
You can literally hear my drive and touch that throne  
The best out my city, I surpassed that goal  
With no question, now I'm workin' on the whole damn globe  
Tellin' me I'm envious of y'all cause you shinin'  
But I don't envy shit, 'cause I know my time is  
Comin' up fast, I'ma leave y'all behind me  
So I work for the checks, turn the checks to diamonds, honest

Yeah, and I don't need a rest  
I'm straight drained mentally, been takin' deeper breaths  
Tryna sort out all my plans because I been deep in stress  
But the feelin's bittersweet, but I see that I be blessed, yeah  
I'm feelin' bulletproof, I don't need a vest  
Made a promise to myself that I'd be the best  
Ain't nobody like me, 'cause they see I'm next  
And they envy that, never wishin' me the best

I'm too different to be treated the same  
Notice people way too quick to take advantage of things  
That you do for them so they not facin' no pain  
But you know damn well without you they still be stuck in they place  
I swear to God, I'm really tryin' to be a better me  
If you want it, you can try, but nobody's ahead of me  
Talkin' with a big head, only positive energy  
Any negative people nowadays just dead to me, yeah  
Fuck a chain, I got ice in my veins  
Hard work with steady growth, the recipe for good change  
Someone else will take your spot if you ain't work every day  
Keep that in mind the next time you think 'bout takin' a break  
I got verses that'll speak to you, more than the Bible's do  
Tryna make some music that'll touch a different side of you  
If I was you, I would do my best not to hide the truth  
'Cause holdin' all that in can soon bring out a suicidal you

I'm honest with you  
I'm bein' honest with you  
I swear I'm honest, no reason not to be honest with you  
I'm honest with you  
I'm bein' honest with you  
I swear I'm honest, no reason not to be honest with you  
I'm an open book, nothin' is concealin' me  
Sad 'cause I know I'm the only one will keep it real with me  
Keep a blind eye to me, that's why I know you feelin' me  
Ain't no limit up, I'm feelin' wheezy, ain't no ceilin's, B

Give me any beat, I put it in the casket  
I feel every song I've ever made has been the classic  
Finally done with school, no need to worry about classes  
'Cause shit, drivin' by my school's the only way I passed it  
My dream's comin' true, never been so anxious  
Worked for everything I have, so what you say ain't shit  
Heh, man, you really ain't shit  
Yes, I make moves, but I'm still the same kid, yeah!  
Haha
