I Will Never Change

AK

Yeah...
I'm lookin round at all these crazy things
Tryna wrap my head around it but I really can't
Think straight I know I got a lot up on my plate
It's a lot to take in soon enough it's gonna be great

But I will never change though, who I gotta change for?
All I've been is faithful can't help but be thankful
No I will never change though, who I gotta change for?
All I've been is faithful can't help but be thankful (woah)

You know you know you know you know you know I got it
I know I know I know the man upstairs is watching
And I pray and I'm hoping that he sees what I've been
Going through cause lately I feel like the devil's knocking

My life moving forward for real now
I'm tryna prepare cause its real now
I knew what was coming, I'm finally something
And nothing can stop me I'm here now
It feels fake 500k subs, it feels great
I ain't talking bout the pay cut
It feels great cause I know that it's straight love
Coming from my fans, not a thing when we stay up
Past months no lie been rough a lot of pain
But I knew that it was gonna be tough
I was forcing my smiles and was told to give up
But great things worth the waiting I'm finally up
But got a plan I been constantly following no joke
Putting hours and hours I wasn't in pressure I don't choke
Cause the struggles in my head maybe alright to go to
When I remember my worst ya'll be helping me to go through

I'm looking round at all these crazy things
Trying to wrap my head around it but I really can't
Think straight I know I got a lot up on my plate
It's a lot to take in soon enough it's gon' be great

But I will never change though, who I gotta change for?
All I've been is faithful can't help but be thankful
No I will never change though, who I gotta change for?
All I've been is faithful can't help but be thankful (woah)

You know you know you know you know you know I got it
I know I know I know the man upstairs is watching
And I pray and I'm hoping that he sees what I've been
Going through cause lately I feel like the devil's knocking

Lately I'm learning a whole lot
Been tested and I know I won't stop
Everyone telling me don't flop
But I know I won't and I don't lie
No matter how far up I make it
I promise to always stay grounded
The throne is mine for the taking
Soon enough they gonna crown me
Now I'm not big headed

That's just me keeping it real
Man I'm really trying to be a legend
Whether that's with or without a deal
I swear to God I'm only trying to build
And lately I see they been tryna kill
Every good vibe that I feel
I gotta stop caring less how they feel

I'm looking round at all these crazy things
Trying to wrap my head around it but I really can't
Think straight I know I got a lot up on my plate
It's a lot to take in soon enough it's gon' be great

But I will never change though, who I gotta change for?
All I've been is faithful can't help but be thankful
No I will never change though, who I gotta change for?
All I've been is faithful can't help but be thankful (woah)

You know you know you know you know you know I got it
I know I know I know the man upstairs is watching
And I pray and I'm hoping that he sees what I've been
Going through cause lately I feel like the devil's knocking
