

Yeah

And I pick out my targets like its eeny miny moe
And my waves they by riding but they in a tiny boat
This my shit I'm taking over it's my time and they should know
They ain't shit they can try but they can't stop me once I go
And I pick out my targets like its eeny miny moe
And my waves they by riding but they in a tiny boat
This my shit I'm taking over it's my time and they should know
They ain't shit they can try but they can't stop me once I go

Yeah

Ain't nobody really understand it
All the feelings I keep in can't stand it
Yeah I write about it but that don't give me the answers
Got me feeling desperate all I do is panic
Feel locked up and I can't find the key
I swear I'm playing hide and seek
With my self my mind is lost I'm stressed out way beyond belief
I need some help
That is a fact
This goes way beyond this rap
If ain't have it honestly you probably find me on my back
Hugging my self
Cold to the touch
I would be dead
Ain't nothing else
Just being honest not only to you but especially more so to myself

And now I pick out my targets like its eeny miny moe
And my waves they by riding but they in a tiny boat
This my shit I'm taking over it's my time and they should know
They ain't shit they can try but they can't stop me once I go
And I pick out my targets like its eeny miny moe
And my waves they by riding but they in a tiny boat
This my shit I'm taking over it's my time and they should know
They ain't shit they can try but they can't stop me once I go

Man this past year was a crazy road
Was in high school but making plenty dough
Cashing cheques bigger than I've ever seen
I was young dumb now I'm close to broke
Making money young's a scary thing
Teach you lessons you ain't ever think
Looking back at all the shit I bought
It'd probably be smarter if I kept it safe
But I've learn from it
I've grown from it
The road I see has no summit
I'ma keep climbing
I'ma keep finding
New ways to move so I won't plummet
I'ma be the greatest ever
Ain't nothing gonna slow me
Fuck around and take my shot and watch me cash out like I'm Kobe
Fuck all my demons
Although I need them
They can be hard

I know they teachin' me
I've been learning
Deep down it's worth it
I am the only one who can defeat them
That's a promise I'll never fall
For the bullshit fakes that he tryna call
Tryna find their way in I'ma kill 'em all
You know what hold up I'ma let 'em talk

And I pick out my targets like its eeny miny moe
And my waves they by riding but they in a tiny boat
This my shit I'm taking over it's my time and they should know
They ain't shit they can try but they can't stop me once I go
And I pick out my targets like its eeny miny moe
And my waves they by riding but they in a tiny boat
This my shit I'm taking over it's my time and they should know
They ain't shit they can try but they can't stop me once I go
