

I'm a rapper so they say that I can catch you, baby
I'm not distracted can't you see me looking at you
Got my heart on rocket shooting to you now I'm acting crazy
Tell em' all you got a star falling, crash landing

We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye

I've been thinking bout me
Till I seen you looking at me oh
What it's gon' be you never know
What it's gon' be when we gon' leave? Aye
She told me she wanna go but that ain't all she want
Told me shit we boutta do the second we get home
Now I'm redlining the whip, pedal to the floor
Know some shit boutta go down once we walk through the door

I, I'm just tryna make you feel right yeah
We got the night, we ain't wasting no time

We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye

We walk in but now I'm thinking about some other shit
She grabbed my hand I snapped back she said you'll love this shit
We walk to the bed she gets under the covers and
I'm just standing there frozen
Can't say a word looking dumb dumb dumb
Heart beating fast buh da bum bum bum bum
Knees weak legs giving up up up
I think I'm in love love love
Can't say a word looking dumb dumb dumb
Heart beating fast buh da bum bum bum bum
Knees weak legs giving up up up
How the fuck I'm in love love love

When I thought that we were only supposed to vibe, yeah
What a night, funny how this started from a ride

We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
We gon' vibe, aye, baby, we gon' vibe, aye
For the night baby, you do what you like, aye
