

Altar Ego Intro

AKA

I never planned, I never planned to be like...
I never wanted to be a celebrity you know
It's like uhm, the thing that I do best is I just know what to
do
Like writing or I'd be in studio you know recording rather than
be a celebrity
I think like the whole shit that we dealing with on Altar Ego i
s like
Alter ego is basically about like
What would happen to like a regular dude
What would happen to just a normal dude who had a extraordinary
talent
