AKA

You, you know the problem, chief is that err...  
You, you rappers  
You, you, you, you, you are determined to take all the girls  
Which is not the way to go, because we as the cadres  
Believe in redistributing the resources of the land  
And we feel that err...  
The ladies that you bring forth  
Are not just for you, we feel as the cadres that err...  
We must share

Ayasab' amagwala  
He dubul'ibhunu  
Dubula...  
He dubul'ib...

What we're trying to do err...  
Is to mobilize the club  
Jah!
