Any day this life gon' flash before your eyes  
In a girl like you I see my whole desire  
And the way I feel for you can't be described no  
No, no  
I lose my mind wo  
Baby yo  
You drive me crazy yo  
But you nah hear me though  
And when you're ready though  
Put it all on you  
Write this song for you  
I been gone from you  
Way too long from you

Thathi isghubhu  
Thathi isghubhu  
Thath'Isgubhu  
Ah Xigubu  
Asbambeki bazosthol'emoyeni  
Sophel'emaweni  
Emlanjeni  
Khanda liyazula  
Ahh jikelele  
Ah jikelele (elele)  
Jikelele jikelele

Tell me are you my ride or die?  
My future wife?  
One day we gon' walk down the aisle  
Don't be surprised  
I need stability

I need some peace of mind  
I need tranquility  
So we can live this life  
Rambo, I go load up the amo  
We gon' pull out the lambo  
I put you on the Label  
Responsibility, thats on my shoulders  
I love your melanin, thats Coca-Cola  
If I tell you you my baby will you stay the night  
Wouldn't bring to the table to change your life  
Don't be surprised  
Champagne on ice  
Umkhonto we Sizwe  
My people gon' pull up in Rovers

Any day the life gon' flash before your eyes  
In a girl like you I see my whole desire  
And the way I feel for you can't be described no  
No, no  
I lose my mind wo
