

## Mr Perfect

AKA

Take a minute out and think for yourself. What would it be like to go through life, absolutely perfect. With no flaws, no blemishes. Every single thing you do is absolutely perfect.

This stuff is starting now  
It's the same reason, I always seem to put myself first  
Don't want nobody else  
It's the same thing, every time I think about her  
Don't keep me waiting, for good vibrations  
I will give you everything in this world

You are looking at the man, who was born with the sign of Perfection that hangs over him. And a man who likes to take advantage of people. That's what I do the best.

(Perfect!)

Big Papa, ngu King Ntshakaza  
Always in your feelings let me sing nana  
Bodyguard ifikil' eBeijing uyayazi  
I'm just too Makhaya Ntini with the swing my love  
I love me, Yeah I love you too  
Oko [?], still I got her groove  
Never hit the ceiling 'cause nd'sathe chuu  
Break it down in Zulu, ngipheth' imal' enkulu  
I love chicks, color me purple  
Lately I've been feeling like I'm runnin' in circles  
Is it progress, are we scratching the surface?  
Are you for keeps? Do you love me on purpose?  
All the time that I invest in this  
Sometimes I say it with my chest, askies  
A dime a dozen, niggas kept to keep  
I keep it solid, when I fuck up I confess at least

Forget what you discovered  
Don't get caught in the moment  
Or you gonn' find some trouble  
If you go looking for it

If you go looking for it
