Do you know what I love?
Do you live in my dreams?
Do you care about me, huh?
Wanna do all the things that you promised to me?
I can wait no longer
'Cause I wanna be loved and I wanna be good
I'm a bad girl, baby, stop me, stop me, baby
And I don't, don't wanna go without you, go without you
And you must be good at something, boy I got you, boy I got you
And I must be crazy, boy about you, boy about you
Oh ooh, oh ooh, baby

You must be Gold
You must be Gold
You must be Gold

Acting pretty good,
Acting like you should
Welcome to my hood
I feel like I know ya
Acting pretty good,
Just a little rude
Boy, you change my mood
And I feel like I know ya

You must be Gold
You must be Gold

So, stay for me
When the rest, when the rest is coming
Just leave with me, baby
I'm your bad boy, bad boy
You made your key, where we carry closer
Just leave with me, baby
I'm your bad boy, bad boy

You must me Gold
You must be Gold
You must be Gold

Acting pretty good,
Acting like you should
Welcome to my hood
I feel like I know ya
Acting pretty good,
Just a little rude
Boy, you change my mood
And I feel like I know ya

You must be Gold
You must be Gold
