

# Inshallah

Akcent

Inshallah, inshallah, inshallah  
Inshallah, inshallah, inshallah

That's why I lose control  
I love the way you whispers now  
One love is in the air  
My baby, my baby

Show me an open door  
Don't leave me now  
Oh no, no, no  
Don't change your mind  
What love is that?  
Just one more song  
Oh no, no, no

Inshallah, inshallah, inshallah  
Inshallah, inshallah, inshallah

Every time I fear  
Every time you're close  
Everywhere you are  
Inshallah, inshallah  
I said you a million times  
Why do we still [?]  
I'm so into you  
Inshallah, inshallah

My baby still by my side  
Hear my voice, there it goes, your shine  
I feel I know you for a long time  
A long time

Show me an open door  
Don't leave me now  
Oh no, no, no  
Don't change your mind  
What love is that?  
Just one more song  
Oh no, no, no

Inshallah, inshallah, inshallah  
Inshallah, inshallah, inshallah

Every time I fear  
Every time you're close  
Everywhere you are  
Inshallah, inshallah  
I said you a million times  
Why do we still [?]  
I'm so into you  
Inshallah, inshallah

(Every time I fear  
Every time you're close)  
Inshallah, inshallah, inshallah  
(Every time I fear

Every time you're close)  
Inshallah, inshallah, inshallah
