

La Passion

Akcent

I fell in love, I said I do
I'm saving all my love for you
Now all I have is memory
It's the chance she gave to me.

Tu es toujours comme une ange de l'amour
Tu est la passion de ma vie.

'Cause when the darkness dims the light
Uh, baby it's hard...
Going lonely through the night...

Tu es toujours comme une ange de l'amour
Tu est la passion de ma vie.
Tu es toujours comme une ange de l'amour
Tu est la passion de ma vie.

To turn back time, I'll give my world
Once again her hand to hold
It makes no sense if she is gone
And I have to walk alone...

'Cause when the darkness dims the light
Uh, baby it's hard...
Going lonely through the night...

Tu es toujours comme une ange de l'amour
Tu est la passion de ma vie.

Why did you leave me all alone ?
Oh baby, tell me where'd you go
Why did you leave me all alone ?
Oh baby, tell me where'd you go
