

# Rendez Vous

Akcent

You see me coming  
Oh yeah I'm running  
Come on my little baby  
Come and get me loving  
He's the right mind  
And you're the right type  
I gather perfect vision  
Baby you're the right type

Let's go rendezvous  
Yeah just me and you  
Wop, wop, wop, wop, wop  
What you wanna do  
May I bring your friend  
You can bring your friend  
Wop, wop, wop, wop, wop  
Hop into the Benz

Who would've thought I would've caught  
Two bad girls from the back of the bar  
[?] now they gawk  
Put your boy right back to the car  
Do what I do with you  
[?] me  
I'm [?]

I kill the flow, I start it slow  
I speed it up a little more  
Yo I'm fresher than fresher  
I'm up under the pressure  
She's like Jennifer Lopez  
Yes I found me the treasure, woop

Let's go rendezvous  
Yeah just me and you  
Wop, wop, wop, wop, wop  
What you wanna do  
May I bring your friend  
You can bring your friend  
Wop, wop, wop, wop, wop  
Hop into the Benz

Who would've thought I would've caught  
Two bad girls from the back of the bar  
[?] now they gawk  
Put your boy right back to the car  
Do what I do with you
