

Serai

Akcent

I never told you lie
You make me feel alive
When you are close to me baby
Just stop the time tonight

I'll be with you my baby
Come to come to me in Serai
And let me love you
I'll be the one for you

Come to come to me in Serai
And i will hold your hand

Perdona me perdona me
Ven aqui comprenda me
Your not a shy guy
You give me Serai

Perdona me perdona me
I will try to give my best to make you my queen
Baby we both win

You are a start for me

When i thought my heart was forzen
My heart was forzen
You look into my eyes and i feel the ice is broken
The ice is broken

Come to come to me in Serai
And let me love you
I'll be the one for you
Come to come to me in Serai
And i will hold your hand

Perdona me perdona me
Ven aqui comprenda me
Your not a shy guy
You give me Serai

Perdona me perdona me
I will try to give my best to make you my queen
Baby we both win
