

I read again the letters you send to me
They make me feel you are here next to me
And hold each other's hands like we used to do
I miss you

Lost in the cold night
Guided by moonlight
I'm looking for love
Lost in the rainstorm
I'm finding my way home
To be next to you
(Cause I love you)

I send an S.O.S.
To heal my loneliness
Will somebody answer my calling? (S.O.S.)
I send my love to you
I hope you miss me too
Please save my soul, I'm falling

I send an S.O.S.
To heal my loneliness
Will somebody answer my calling? (S.O.S.)
I send my love to you
I hope you miss me too
Please save my soul, I'm falling
Falling

I wake up in the night and I cannot sleep
I have you on my mind and it hurts so deep
All the memories about you and I
Make me cry

Lost in the cold night
Guided by moonlight
I'm looking for love
Lost in the rainstorm
I'm finding my way home
To be next to you
(Cause I love you)

I send an S.O.S.
To heal my loneliness
Will somebody answer my calling? (S.O.S.)
I send my love to you
I hope you miss me too
Please save my soul, I'm falling

I send an S.O.S.
To heal my loneliness
Will somebody answer my calling? (S.O.S.)
I send my love to you
I hope you miss me too
Please save my soul, I'm falling
Falling

I send an S.O.S.

To heal my loneliness
Will somebody answer my calling? (S.O.S.)
I send my love to you
I hope you miss me too
Please save my soul, I'm falling

I send an S.O.S.
To heal my loneliness
Will somebody answer my calling? (S.O.S.)
