

# Marvin Gaye And How I Stole Myself

Akissforjersey

Contentment will be our fall  
Waist high in morality  
Creation conclusion  
Contentment, contentment

I'm hiding in the grass, steadily waiting for justification  
This happens to be the last seed with intent I will sow

Weve said it all, weve said it all a valiant attempt at a black  
out  
Just long enough to put all of our dead men to rest  
Weve said it all, weve said it all a valiant attempt at a black  
out  
Just long enough

Beautiful but weve forgot to let out guard down.  
Wont you come around and you can stay a while

Oh dollface you look brilliant radiant but dimmed by the bed sh  
eets  
Hands pinned down at our sides and intent for defeat.

Dry your eyes, dance in the sunlight.
