Akon

Oh yeah  
What you do to me, baby  
What you do to me, baby

Every Superman has his kryptonite  
Yeah, kryptonite  
Every Superman has his kryptonite  
Oh, kryptonite  
You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite

Why when you come around girl you weaken me so  
You weaken me so  
It's like your body take over, you have control  
Ain't nothing I can't do, more than I can handle  
Lick me into my doom, 'nything you want tomorrow  
And I love it  
Way it takes over me

Every Superman has his kryptonite  
Yeah, kryptonite  
Every Superman has his kryptonite  
Oh, kryptonite  
You might krypto krypto krypto krypto-nite

You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite

I have all of the power in the world  
Money, fame, blessings in my life  
But I'm steady controlled by this one girl  
When too many women want to be my wife  
The prettiest attitude, love what you gotta do  
Kiss me more when I'm mad at you  
Uh whoa  
So we can [?] when you in my space

Every Superman has his kryptonite  
Yeah, kryptonite  
Every Superman has his kryptonite  
Oh, kryptonite  
You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite  
You might krypto krypto krypto krypto-nite
