

## So It Goes

Akron/Family

I went away, away from this open heart  
Away from this place I started so long ago  
Out there I found, out in this lovely world  
So many people just like myself  
Just like them, I stopped giving my change  
To all the homeless people out on the street  
But I changed back. I give my change again  
To anyone who asks so long as I have a pocket  
Last night I save \$1.80 on ice-cream at Safeway  
Was it meant to be, an act of God or robbery  
I myself don't know, so it goes  
And so it goes
