

Night And Day

Al B. Sure!

I can tell u how I feel
about you night and day. (How I feel about you, oh-oh-oh)
I can tell you how I feel
about you night and day. (How I feel about you, oh-oh)

I love you more in the rain or shine
and making love in the rain is fine
a love so good and I call it mine.
Love is blind.

If you love me, please let me know.
Don't hide the feeling, just let it show.
A feeling so deep that comes within
what kind of love am I in?

If you and I were one
the love we share would be so fun.
Just take my hand and you'll see
that we'll take off into another world away. (ooh, oh-oh)

I can tell you how I feel about you night and day.
Night and day, night and day, night and day....
