

# God Blessed Our Love

Al Green

God blessed our love  
Even in the mornin' when I rise  
I say, God blessed our love

And every mornin' when I rise  
I can just see heaven [?] your eyes  
It makes me know this is not an everyday love, no, no  
We've got something, I'm sure we can be proud of

Oh, we've got so much, show much love  
We've got so much, so much trust  
Can't you see a halo, a halo?  
I can see a halo hovering over us

And oh, I didn't meant it, baby  
But God, blessed our love  
I have to say it, [?] that  
God, oh God, blessed our love

If you've got something to be thankful for  
You oughtta just say, hey  
God, blessed our love  
I'll have to say this evenin'

God, oh God, blessed our love  
I swear he did  
Let me say, I could just stand up  
And tell the world, oh babe

That you're mine, all mine, all mine  
Your love is heavenly, desirable  
And I just have to say, I like kissin' you  
I like, I like, huggin' you

I like squeezin' you, wanting you  
Holding you, loving you  
I'm glad, I'm still lovin' you, come on, baby

Let me say that when people, yeah  
People yeah start to criticize, it don't bother me  
No, no, 'cause I know God, God  
God is on our side

You see and let me just say that  
God, God blessed our love  
I have to say that, God, blessed our love
