

# Happy

Al Green

I'm happy, I can see  
My eyes are wide open, and what a relief  
Baby girl, I'm happy about you and me  
Words are all spoken for ecstasy, yeah

Out of a bright cloudy sky  
The sun came out and dried my eyes  
Now that's the world to me, yeah  
Yeah, open your eyes, son, show you can see, yeah

I'm happy, it's another day  
It's you and me, mama send it on home to me  
It's satisfying, I'm relyin'  
I'm happy, got me cryin'

Yeah, I'm happy  
It's another day, yeah  
Tell you, I've found it, like they used to say  
Finally I can see my way, Lord

Well, I'm happy  
Say it once again, yeah  
Say I found myself a love  
I found a friend, yeah

What more can I say, yeah?  
Except that only yesterday  
There's no sorrow  
Just hope for tomorrow
