

# Mimi

Al Green

Mimi, each day in my life you explore  
Mimi, still searchin' my heart for its core  
We should be grateful each day  
That our love and livin' we layed  
Mimi, you make it so lucky for me, for me

Mimi, soft moments in life we layed through, oh baby  
Provin' there's no more for me than for you  
It's been a blessing each day  
Make it a heaven to stay  
Mimi, you make it so easy for me

Believe me, it's always good to know  
That any way life goes  
We'll still walk for  
And lord knows  
I'm glad we let love show  
Any way life goes  
We might die for cos

Mimi, I hope that I die before you  
Mimi, what it takes to do  
Make me a promise each day  
That you will always awake  
Mimi, you'll make it so lucky for me

You make it so lucky  
You make it so easy  
You make it so breezy
