God's Gift To The World

This one That one Each one Is god's gift to the world

They are We are Each one Is god's gift to the world

There are no extra people In a mansion or a ghetto Each heart and soul is counted Though they're different than you

So look across the ocean See those on distant corners Or see the one beside you Look in their eyes and you'll know that it's true

And all the lonely people The first ones and the last ones All the great and small ones The ones that win and lose

All of the remembered Even the forgotten From every single nation You know it's true...for me and you
