

# Have You Seen the Child

Al Jarreau

Have you seen the child, oh oh  
Have you seen the child, yeah yeah  
Have you seen the child  
Have you seen the child  
Tell me have you seen the child  
Have you seen the child

You know I dare face the devil  
I'm gonna search all my faith

I'm keepin' my eyes on all the silver  
In the vine  
And you know I danced the dance of David  
Bringin' the news to Goliath  
And ridin' on a sweet bird  
Singin' have you seen the child

And all the saints say  
Have you seen the child  
Have you seen the child  
Have you seen the bright fires  
In the night

Know that I danced the dance of David  
Bringin' the news to Goliath  
Ridin' the sweet bird  
Singin' have you seen the child

Oh have you seen the child  
Trouble across the Kingdom  
See how the rivers droop and rise  
Well all your wars and ruin  
Light the dragon's eyes  
You know that Cain don't know the answer  
He keeps a sword by his side  
But I can remember singin'  
Have you seen the child  
Come on, you all  
Singin' have you seen the child  
Have you seen the child  
Have you seen the bright fires  
Bumin' in the night time

Know that I danced the dance of David  
Bringin' the news to Goliath  
Ridin' the sweet bird  
Singin' have you seen the child

All the saints sayin'  
Have you seen the child  
Have you seen the child  
Have you seen the sweet little baby  
Oh I want to know, you all  
Does it feel okay, yes  
Oh like to know if you seen him  
He were walkin' by the seashore, yes  
Takin' to the elders, yes

Found him some fishermen  
And made them disciples, oh  
Preachin' in the temple, oh  
He's a fisherman, he's a carpenter  
Did you see the sweet little baby  
Have you seen the child  
Tell me have you seen the child
