

# Easy Does It

Al Kooper

Kooper

When I was just a young boy  
Ya know my father said to me  
When ya get a little older son  
Ya got to live your life casually  
Ya got to take things real slow-like  
If you really wanna last  
You only live once in this life  
Can't live your life too fast

EASY DOES IT, baby  
EASY DOES IT everytime  
Well now that I'm a little wiser  
EASY DOES IT with this life of mine

When I grew a little older  
I started noticin' the female sex  
With their foxy little bodies  
And their long and shapely legs  
So I got me a little woman  
And I took her home to my bed  
I said "How about it, baby??"

And this is what she said - she said:

EASY DOES IT, baby  
EASY DOES IT everytime  
Well now that I'm a little wiser  
EASY DOES IT with this life of mine  
Now ya gotta listen to me everybody  
Cause ya know the same applies to you  
When everything is over  
Ya know the name of the game is you  
It don't pay to be impulsive  
But it ain't too bad to hesitate  
Just like the old saying goes  
Good things come to those who wait

EASY DOES IT, baby  
EASY DOES IT everytime  
Well now that I'm a little wiser  
EASY DOES IT with this life of mine
