Lookin' For A Home

Al Kooper

I was lost by the river And I couldn't find a home And I didn't have no, no way to roam Oh won't somebody hear me, hear me Come on, hear me at all Help me, please I'm just a lonely boy

I need you so much, darling

Yeah, I've been wandering

I ain't got no home

Wandering for such a long, long time Won't somebody Please give me peace of mind Won't somebody hear me at all Hear me at all, set me free I'm just a lonely boy I ain't got no home

I got no sail, darling, yes Can't you hear me cry
