

Paper Roses

Al Martino

She took the train of silence
It was late, so late at night
She said it's all over
Keep on the right side
I drank a lot of whiskies
I couldn't stand the pain
Ten years, we were together
Too sad we can't be friends
Our love will never be the same, darling
When will I see you back again ?

Oh, I lay my head on paper roses
Shu-bi-dum-dum, oh lord, shu-bi-dum-dum
Oh, I lay my head on paper roses
Shu-bi-dum-dum, oh lord, shu-bi-dum-dum
Shu-bi-dum-dum, oh lord, shu-bi-dum-dum

A million miles from nowhere
Where the night meets the day
We could be good together
But you are far away
Oh, nothing lasts forever and I'm too proud to beg
I wasted all my tears, love
Now you drive me mad
Baby, I'm the biggest fool of all, baby
Darling, will you catch me when I fall
