Rachel oh Rachel
I should have known you were never my own butIlove you
Oh how I love you

Rachel oh Rachel
Hang something white
For soul black as night
Yet I love you
Oh how I love you

You took the heart of a man
When he's a slave to your charms
Laugh and enjoy him
Slowly destroy him
And dance dance dance right out of his arms
Oh Rachel

Oh Rachel
What evil star lead you here from afar
To love me only to leave me
Leave me alone

backing Rachel oh Rachel

Oh Rachel
I should have known you were never known but I love you
How I love you

backing Rachel oh Rachel

Oh Rachel
Hang something white
For soul black as night
Yet I love you
How I love you

You take the heart of a man
When he's a slave to your charms
Laugh and enjoy him
Slowly destroy him
And dance dance dance right out of his arms
Oh Rachel

Oh Rachel
What evil star lead you here from afar
To love me only to leave me
Leave me alone
