

Jonestown Blues

Alabama 3

There ain't no where I can't be
There ain't nothing, nobody like me, no
You ain't met nobody like me lived a billion lives just to be free I can see
You ain't met nobody like me

You ain't ever met a man like this man before
You ain't ever met a man, you ain't ever met a man
You ain't ever met a man like this man before
You ain't ever met a man, you ain't ever met a man

You never met nobody, nobody, nobody like me
You never met nobody, nobody, nobody like me
You never met nobody, nobody, nobody like me
You never met nobody, nobody, nobody like me

You ain't ever met a man like this man before
You ain't ever met a man, you ain't ever met a man
You ain't ever met a man like this man before
You ain't ever met a man, you ain't ever met a man

Cleave yourself to me, I have the power from He who is most high, I can move mountains cause the oceans to rise up lay waste to the whole planet if I choose follow me and be saved from imminent death and eternal damnation

You never met nobody, nobody, nobody like me
You never met nobody, nobody, nobody like me
You never met nobody, nobody, nobody like me
You never met nobody, nobody, nobody like me
