

## Night Tripper in the Trap House

Alabama 3

Careful girl don't you waste no cellophane  
I'm too wired to go back to the shop again  
Burn it once double lick it twice  
Lick it with a clipper and burn it up tight  
Turn the radio up let's do another dip  
Fuck the general he just lets the figures slip  
Don't you worry I saved us both another hit  
We'll be tripping and bagging like we always did

Night trippers in the trap house  
The night trippers in the trap house

Now come down here dressed by 8 o'clock and it's 9  
I told her to get back here now and get back in line  
She's the last one to come out on the street tonight  
I know everybody's gonna be on my string right  
They coming from the left in the centre of the town  
Ain't nobody come down here because they getting down with my l  
adies  
And they're all strong and shoobie doowop with me

The night trippers in the trap house  
The night trippers in the trap house  
Night trippers in the trap house

Don't cry for me as I lay dying  
Sound the bell 3 times I'm coming home  
Don't cry for me as I lay dying  
Sound the bell 3 times I'm coming home  
Don't cry for me as I lay dying  
Sound the bell 3 times I'm coming home  
Don't cry for me as I lay dying  
Sound the bell 3 times I'm coming home  
Don't cry for me as I lay dying  
Sound the bell 3 times I'm coming home

Line the girls  
And line the boys  
One to the left  
And one to the right  
I'm coming walking through I share the load
