

# Can't Forget About You

Alabama

The walls of my mind are closin' in  
Can't get away, your memory won't end  
Can't forget about you  
Can't forget about you

Can't forget about you  
Can't forget about you  
Breakin' my mind in three quarter time  
Makin' me blue

Can't forget about you  
Can't forget about you  
I never stop hearin' the music  
After the song is through

I still see your eyes  
Your warm gentle smile  
It was all worthwhile  
Each moment we knew  
Can't forget about you  
Can't forget about you

Can't forget about you  
Can't forget about you  
Breakin' my mind in three quarter time  
Makin' me blue

Can't forget about you  
Can't forget about you  
I never stop hearin' the music  
After the song is through

Can't forget about you  
Can't forget about you  
Breakin' my mind in three quarter time  
Makin' me blue

Can't forget about you  
Can't forget about you  
I never stop hearin' the music  
After the song is through

Can't forget about you
