

# Come Find Me

Alabama

Every once in a while  
I catch a gust of wind in my sail  
Girl you know I never can tell  
Where it's gonna take me

Every now and then  
I get to rollin' and the wheels come loose  
I'm rockin' like a rock star dude  
Out here in the crazies

Come find me  
I'm out on the wind tonight  
Come find me  
I could sure use my friend tonight  
Come find me  
Come and get your guitar man  
Come find me  
Cause only you know where I am

I'm somewhere out west  
Headin' somewhere down south  
Girl and right about now  
I'm all alone

Your ramblin' boy's  
Been dancin' out on the ledge  
Ain't enough of my candle left  
To light my way home

Come find me  
I'm out on the road tonight  
Come find me  
The one I want to hold tonight  
Come find me  
Come and get your guitar man  
Come find me  
Cause only you know where I am

Oh tonight there's  
just a sliver of a silver moon  
Above on this lost highway mmm  
I sure do miss you baby

Come find me  
Come and get your guitar man  
Come find me  
Cause only you know where I am  
Come find me  
Come and get your guitar man  
Baby come find me  
My friend tonight  
Baby come find me  
Come and get your guitar man  
Come and get your guitar man

I'm out on the road tonight  
So come find me
