

# If I Had You

Alabama

**D**                         **G**   **D**  
If I had you we'd run like gypsies in the wind  
If I had you we'd count the stars all one by one  
If I had you we's sail the seven seas as one

**G**                         **D**   **A**                         **D**  
We'd be lovers and we'd be friends if I had you  
we'd make love till they were gone oh, if I had you  
we'd never say it can't be done if I had you

**G**                         **A**     **D**                         **E**     **G**  
Cause you light a fire way down in my soul  
          **G**   **A**                         **D**                         **E**                         **G**     **D**  
the flame keeps growin stronger there ain't no control  
                                  **G**   **A**  
and there's nothing, no there's nothing  
                                  **D**   **E**                         **D**     **G** **D** **E** **D** **A**  
I know there's nothing that I wouldn't do  
                  **D**  
if I had you
