

## Blame It On Me

Alain Clark

Ain't it true, you made up you're mind,  
There's nothing I could say or do.  
It ain't no use, so most of the time,  
I'm not gonna argue with you.

You just, blame it on me girl, blame it on me  
As far as I could see girl, we won't agree  
It's true, I know that look in your eyes.  
Blame it on me girl, blame it on me

Ain't it true, no matter the facts,  
You are right and I am wrong (you are right and I am  
wrong)  
So what I'll do is I go flat on my back,  
And i'm gonna let you Carry on  
Baby you just Carry on, come on!

Blame it on me girl, blame it on me  
As far as I could see girl, we won't agree  
It's true, I know that look in your eyes.  
Blame it on me girl, blame it on me

I know that it's a one way street but it's alright,  
it's alright, yeah  
Even though it is a oneway street, it's alright, OH,  
it's alright!

Blame it on me girl, blame it on me  
As far as I could see girl, we won't agree  
It's true, I know that look in your eyes.  
Blame it on me girl, blame it on me

Blame it on me girl, blame it on me  
You gotta blame it on me girl, blame it on me

Yeah

Girl i remember when the day, you and me we're alright  
You want to have it all your way, I got no time to make  
a fight  
You just blame it on me girl, blame it on me  
Blame it on me girl, blame it on me

Yeah. Blame it on me
