

# I Need You

Alain Clark

Like the sun giving heat to my body  
Like the air that I breath  
Like fun like clean cool water  
Like the shoes on my feet

Like the flame that I call inspiration  
For the job that I do  
I'm not ashamed to admit you're amazing  
I can't do without you

I need you  
More than myself, yeah  
I need you  
More than you'll ever know  
I need you, I need you, yeah

Like the rain when my world is on fire  
Like the light in my eyes  
Like a well in the heart of a desert  
Where it's hard and dry

Your love is of vital importance  
'Cause it keeps me alive..

I need you  
More than myself, yeah  
I need you  
More than you'll ever know  
I need you, yeah,  
I need you, baby  
I need you  
Yeah, I need you

More than myself, yeah (more than myself)  
I need you  
More than you'll ever know  
I need you (I need you)  
I need you (Oh, I need you)  
I need you

Like the stars shining in the sky  
Like the moon, on a cloudy night  
I need you  
I want you  
I need you  
Hoo...

I need you  
More than myself, yeah  
I need you  
More than you'll ever know  
I need you  
Yeah, I need you

I need you (baby)  
More than myself, yeah  
I need you

More than you'll ever, ever know  
I need you (I need you)  
I need you baby (I need you)  
You know I do (I need you)  
I need you (I need you)  
I need you baby (I need you)  
I need you (I need you) yeah.. Ohh..
