

# She's The One

Alain Clark

I see her face and I'm done  
Brightens my days like the sun  
I feel refined there's no doubt in my mind  
She's the one, she is the one, she is the one

She holds my heart in her hand  
Strong yet so frail like a castle of sand  
Can't be more sure that this love will endure  
She's the one, she is the one, she is the one, she's the one

Whom I love endlessly  
She can depend on me  
Oh anything she needs  
I'm gonna give her  
She's the one, she's the one, she's the one

I hear her name and I'm lost  
All things of love that my mind comes across  
No PI no maths there's no questions to ask  
She's the one, she is the one, she is the one, she's the one

I don't care how it's gonna be  
As long as I'm with her and she's with me  
I wish no more I think I finally understand  
What it means to be at ease

She feels so good  
She's the one, she is the one, she is the one, she's the one  
Whom I love endlessly  
She can depend on me  
Anything she needs  
I'm gonna give her  
She's the one, yeah the one, she  
She's the one, she's the one, she's the one
