

Sweet Taste

Alain Clark

Girl, every minute, 60 in an hour
Craving for your body, your touch
Since the beginning, you and me got together
Girl, I came to love it so much

I just can't leave it alone, baby
Your love is all that I want
So bring it on

I got a sweet taste for you, baby
I got a real sweet taste for you, baby

Like a strike of a lightning
Girl, you hit the spot in my brain

I got a real sweet taste for you, baby

Nobody ever made me so dependent
It's like I'm hungry all the time
I really need it, my body is getting greedy
My heart is pumping overtime

You got me flat on the floor, baby
Strung out, I'm beginning for more
More and more

I got a sweet taste for you, baby
I got a real sweet taste for you, baby

Like a strike of a lightning
Girl, you hit the spot in my brain

I got a real sweet taste for you, baby

You got me going from the minute I saw you
I knew right away there is gonna be a day
I will have you all for me

I got a sweet taste for you, baby
I got a real sweet taste for you, baby

Like a strike of a lightning
Girl, you hit the spot in my brain

I got a real sweet taste for you, baby

You got to give it all
You got to give it all
Got to give it all
Come on and give it all
