

# Whatever

Alain Clark

I would always try and get it all  
Put it on the ... and bet it all now,  
But no dice.  
Nothing that I did was good enough  
If I wasn't reaching for the stars  
Cause now the story of my life,

Chorus:

I say whatever  
Whatever, whatever, whatever  
I don't worry about things the way I did before.  
I say whatever  
Whatever, whatever, whatever  
I won't let it all fool me anymore!

I couldn't let slide what people said  
Several inner voices in my voice,  
And I don't slow down (don't slow, don't slow)  
And everybody's else's eyes on me  
Couldn't take my disguise of me  
And I, I turn it around!

Chorus: (2x)

I say whatever  
Whatever, whatever, whatever  
I don't worry about things the way I did before.  
I say whatever  
Whatever, whatever, whatever  
I won't let it all fool me anymore!

Take me for a ride,  
Tie to me to a stone,  
Tell me a dreamer, and leave me all alone!  
Praise me into glory,  
And caress me if you want to,  
Tell me who I am!  
(Tell me who I am!)

Whatever, whatever, whatever  
I won't let it all,  
Can't let it all,  
Fool me anymore!

Chorus: (2x)

I say whatever  
Whatever, whatever, whatever  
I don't worry about things the way I did before.  
I say whatever  
Whatever, whatever, whatever  
I won't let it all fool me anymore!
