

# tonight

Alaina Castillo

My body's burning fire  
Eyes are eating me alive, no, no  
Can't wait to be alone  
'Cause I been feigning me some time on my own

People in the way and it just gets harder  
To say I'm fine and tell myself that I agree  
Know I'm getting close, won't take me much longer  
I'm going home, going home, yeah

Tonight, tonight  
I'm solo dancing in my room  
Tonight, tonight  
Got time for me, no time for you  
Neon lights on the ceiling, lonely vibes for the healing  
Tonight I'm tryna stay in on my own again  
Tonight, tonight  
I'm solo dancing in my room  
Tonight, tonight  
Got time for me it's overdue  
Neon lights on the ceiling, lonely vibes for the healing  
Tonight I'm tryna stay in on my own again

I'm living for the night  
Can't see shit so all my troubles out of sight  
The morning still arrives  
And all the problems of the day turn into mine

People in the way and it just gets harder  
To say I'm fine and tell myself that I agree  
Know I'm getting close, won't take me much longer  
I'm going home, going home

Tonight, tonight  
I'm solo dancing in my room  
Tonight, tonight  
Got time for me, no time for you  
Neon lights on the ceiling, lonely vibes for the healing  
Tonight I'm tryna stay in on my own again  
Tonight, tonight  
I'm solo dancing in my room  
Tonight, tonight  
Got time for me, it's overdue  
Neon lights on the ceiling, lonely vibes for the healing (Should I rap here?)  
)  
Tonight I'm tryna stay in on my own again (Should I rap here?)  
(No)

Oh, um, no, yeah, I was just thinking the same thing  
I just wrote this whole verse for it, I was just gonna go  
(Just sing) But I can just sing, yeah, I'll just sing

Tonight, tonight  
I'm solo dancing in my room  
Tonight, tonight  
Got time for me, no time for you  
Neon lights on the ceiling, lonely vibes for the healing

Tonight I'm tryna stay in on my own again

Oh, do I keep going here?

(Yes!) Oh, oh

Tonight, tonight

I'm solo dancing in my room

Tonight, tonight

Got time for me, no time for you

Neon lights on the ceiling, lonely vibes for the healing

Tonight I'm tryna stay in on my own again

Tonight, tonight

I'm solo dancing in my room

Tonight, tonight

Got time for me, it's overdue

Neon lights on the ceiling, lonely vibes for the healing

Tonight I'm tryna stay in on my own again
