

Valentine's Day

Alaina Castillo

Roses are red, violets are blue
(Roses, roses, roses, roses)

Wrapped up in your arms
Nobody's around us, no
No need to be alarmed
'Cause they can never even find us, no, no

We got so used to bein' quiet
Had to keep us on the down low
But what's the point in hidin'?
If they always gonna say no, no

But we don't let that stop us
Runnin' through the darkness
Fightin' all the odds
And the people who can watch us
We don't let that stop us
Gonna do that shit regardless, yeah

Let me treat you like it's Valentine's Day
Touch you like it's Valentine's Day
Make you do whatever I say
Hope you're ready for that fifty shades of play
'Cause tonight I'm gon' be lovin' you like it's Valentine's Day
I'ma keep on lovin' you in my own way

It's different than the rest
Passin' all the red lights now
My hands all your chest
You say, "Girl, there are no time outs"

But we don't let that stop us
Runnin' through the darkness
Fightin' all the odds
And the people who can watch us
We don't let that stop us
Gonna do that shit regardless, yeah

Let me treat you like it's Valentine's Day
Touch you like it's Valentine's Day
Make you do whatever I say
Hope you're ready for that fifty shades of play
'Cause tonight I'm gon' be lovin' you like it's Valentine's Day
I'ma keep on lovin' you in my own way

Roses are red, violets are blue
You want it bad, I want it too
Hands to yourself, watch what I do
Watch what I do, yeah

Roses are red, violets are blue
You want it bad, I want it too
Hands to yourself, watch what I do

Roses are red, violets are blue
You want it bad, I want it too

Hands to yourself, watch what I do
Watch what I do, yeah

Roses are red, violets are blue
(You want it bad, I want it too)
Hope you're ready for that fifty shades of play
(Hands to yourself, watch what I do)
'Cause tonight I'm gon' be lovin' you like it's Valentine's Day
(Watch what I do, yeah)
I'ma keep on lovin' you in my own way (Lovin' you, lovin' you)

Roses are red, violets are blue
You want it bad, I want it too
Hands to yourself, watch what I do
Watch what I do, yeah

Roses are red, violets are blue
You want it bad, I want it too
Hands to yourself, watch what I do
Watch what I do, yeah
