Alaine

(feelin', ooh)

I can't imagine, living, without you (without you, oooh),
My world would just stop, spinning, without you (ooh without you),
Floating on a cloud each time you say my name,
I wanna scream out loud you're driving me insane (driving me crazy baby),

Each time you call I wanna fall,

Deeper and deeper and deeper,

Each time we kiss I'm feeling it,

Deeper and deeper and deeper

When you love me like you do baby, I wanna give my all to you,

Take full control, please baby go,

Deeper and deeper and deeper

You say you would do, anything, for me (for me),

You knew how I kept my everything, for you (for you),

I promise I'll make sure to keep you satisfied,

Just trust me baby hold me tight, enjoy the ride (i'm gonna drive you crazy)

Each time you call I wanna fall,

Deeper and deeper and deeper,

Each time we kiss I'm feeling it,

Deeper and deeper and deeper

When you love me like you do baby, I wanna give my all to you,

Take full control, please baby go,

Deeper and deeper and deeper

Each time you call I wanna fall,

Deeper and deeper and deeper,

Each time we kiss I'm feeling it,

Deeper and deeper and deeper

When you love me like you do baby, I wanna give my all to you,

Take full control, please baby go,

Deeper and deeper and deeper

I'm floating on a cloud, each time, when you say my name,

I wanna scream out loud you're driving me insane (yeah yeah),

Each time you call I wanna fall,

Deeper and deeper and deeper,

Each time we kiss I'm feeling it,

Deeper and deeper and deeper

When you love me like you do baby, I wanna give my all to you,

Take full control, please baby go,

Deeper and deeper and deeper

Each time you call I wanna fall,

Deeper and deeper and deeper,

Each time we kiss I'm feeling it,

Deeper and deeper and deeper

When you love me like you do baby, I wanna give my all to you,

Take full control, please baby go,

Deeper and deeper and deeper

Go deeper, go deeper
