All Falls Down

Alan Walker

What's the trick, I wish I knew
I'm so done with thinking through
All the things I could've been
And I know you wonder too
All it takes is that one look you do
And I run right back to you
You cross the line
And it's time to say F you!

What's the point in saying that
When you know how I'll react
You think you can just take it back
But shit just don't work like that
You're the drug that I'm addicted to
And I want you so bad
Guess I'm stuck with you
And that's that

'Cause when it all falls down in whatever
When it don't work out for the better
If it just ain't right
And it's time to say goodbye
When it all falls down
When it all falls down
I'll be fine
I'll be fine
You're the drug that I'm addicted to
And I want you so bad
But I'll be fine

Why we fight, I don't know
We say what hurts the most
Oh, I tried staying cold,
But you take it personal
All these firing shots
And making ground
It's way too hard to cope,
But I still can't let you go

'Cause when it all falls down in whatever
When it don't work out for the better
If it just ain't right,
And it's time to say goodbye
When it all falls down
When it all falls down
I'll be fine
I'll be fine
You're the drug that I'm addicted to
And I want you so bad
But I'll be fine

I'll be fine, fine fine
I feel fine, fine, fine
I'll be fine, fine, fine
I feel fine, fine, fine
I'll be fine, fine, fine
I feel fine, fine, fine

I'll be fine, fine, fine
I feel fine

'Cause when it all falls down in whatever
(In whatever, baby)
When it don't work out for the better
(For the better)
If it just ain't right,
And it's time to say goodbye
When it all falls down (When it)
When it all falls down
(When it, when it all falls down)
I'll be fine (Fine, fine, fine)
I'll be fine (I'll be fine)
You're the drug that I'm addicted to
And I want you so bad
I'll be fine (I'll be fine)
And that's that
