La la la lai
La la la lai
La la la lai

I found my feet again and now I need to teach 'em how to run
I found the beat I lost when you left in the chorus of a song
La la la lai
La la la lai
I left the anger I was feeling at a bar in Barcelona
Another brick, another wall
And any day now I'll be okay
I won't miss you anymore

La la la lai
I'm gonna dance until I dance you off my mind
La la la la la lai
La la la lai
I'm gonna sing until I sing you out of sight
La la la la la lai
La la la lai
I'm gonna walk until I walk you out the door
La la la la la lai
La la la lai
And any day now I'll be okay and then I
Won't miss you anymore

Spoke to the people on the beaches where we used to sit alone
La la la lai
Swam in the deep end of the ocean and I threw away my phone
La la la lai
La la la lai
I kissed a girl who don't resemble you at all in Barcelona
Another step, another shore
And any day now I'll be okay
I won't miss you anymore

La la la lai
I'm gonna dance until I dance you off my mind
La la la la la lai
La la la lai
I'm gonna sing until I sing you out of sight
La la la la la lai
La la la lai
I'm gonna walk until I walk you out the door
La la la la la lai
La la la lai
And any day now I'll be okay and then I
Won't miss you anymore

I left the love you gave to me out on the streets of Barcelona
Another step, another try
And any day now I'm gonna dance you off my mind

La la la lai
I'm gonna dance until I dance you off my mind
(I'm gonna dance until I dance you off my mind)
La la la la la lai
La la la lai
I'm gonna sing until I sing you out of sight
La la la la la lai
La la la lai
I'm gonna walk until I walk you out the door
La la la la la lai
La la la lai
And any day now I'll be okay and then I
Won't miss you anymore
