

# Incommunicado

Alan Walker

Verse

Take us to places  
An oasis  
But we don't remember  
Right here by your side  
All the bright lights  
Stay forever

Chorus

Let's go incommunicado  
For the weekend, nobody else around  
Let's go incommunicado  
Just you and me and somewhere we won't be found

Post-Chorus

Happy, feeling emotion awake and I'm happy  
Happy, feeling emotion awake and I'm happy  
You and I, you, you and I  
You and I, you, you and I  
Happy, and I'm happy  
Happy, feeling emotion awake and I'm happy

Verse

Take us to places  
An oasis  
But we don't remember  
Right here by your side  
All the bright lights  
We'll stay here forever

Chorus

Let's go incommunicado  
For the weekend, nobody else around  
Let's go incommunicado  
Just you and me and somewhere we won't be found

Post-Chorus

Happy, feeling emotion awake and I'm happy  
Happy, feeling emotion awake and I'm happy  
You and I, you, you and I  
You and I, you, you and I  
Happy, and I'm happy  
Happy, feeling emotion awake and I'm happy  
You and I

Chorus

Let's go incommunicado  
For the weekend, nobody else around  
Let's go incommunicado  
Just you and me and somewhere we won't be found
