

# Lovesick

Alan Walker

Every night before I sleep  
I pray that you will come to me  
A million, million miles away  
We'll meet again someday

I know that we'll find a way  
We'll sing a bitter melody  
And add a sweeter harmony  
A symphony we'll make

So sing for all the tears we cry  
A song for when we say goodbye  
Then every time we close our eyes  
We'll hear our lovesick lullaby

I remember what you said  
I got you stuck in my head  
Did you think I would forget  
The melodies you sang?

Oh babe  
Like nobody moves me  
You're playing my heartstrings  
Like la da di da da

So sing for all the tears we cry  
A song for when we say goodbye  
Then every time we close our eyes  
We'll hear our lovesick lullaby

La la-la la-la la-la-la  
La la la la  
La la-la la-la la-la-la  
La la la la

La la-la la-la la-la-la  
La la-la la-la la-la  
La la-la la-la la-la-la  
We'll hear our lovesick lullaby (La la-la la-la la-la)

Sing for all the tears we cry  
A song for when we say goodbye  
Then every time we close our eyes  
We'll hear our lovesick lullaby
