

Stand Alone

Alan Walker

I don't know which way to go
When it's dark outside and I can't say no more
Try to fight the world alone
I am lost in sadness and nobody knows
And I, I remember when we were young
Our lives were grains in the sand
Together we, we will conquer them one by one
But tonight I stand alone

Nobody sees me now I'm a one man show
I'll do this alone
We knew it all, but right now I just don't know
Guess I'm heading home now

You know I couldn't stay
Had a million words didn't know what to say
When I gave my soul to take
And the devil took it faded away
And I, still remember when we were young
Our lives were grains in the sand
And we, we will conquer them one by one
But tonight I stand alone

Nobody sees me now I'm a one man show
I'll do this alone
We knew it all, but right now I just don't know
Guess I'm heading home now
