

# Predator

Alanis Morissette

Ooh, ooh  
Ooh, ooh

First I am spotted across the room  
Sussed out for the degree of naïveté  
When I make the cut, then all systems go  
And you take your first step toward me

My eyes are invitations, my welcome sign is bright  
My armor is porous enough to be worked by your design  
My honesty is commendable but won't pull your heartstrings  
This magnet for predators is dying to be discerning

Your system of madness to mimic connection  
Then you engender my trust as you pounce  
You isolated and then divert attention  
Distract from deception keep me in the dark

My eyes are invitations, my welcome sign is bright  
My armor is porous enough to be worked by your design  
My kindness is commendable but won't pull your heartstrings  
This magnet for predators is dying to be discerning

Ooh, ooh, aah  
Ooh, ooh, aah  
Ooh, ooh, aah  
Ooh, ooh, aah

You kept me off balance with your charming deflection  
You kept me distracted, couldn't pick this apart  
What started as union, turned to isolation  
And you are obsessed with your prey

My eyes are invitations, my welcome sign is bright  
My armor is porous enough to be worked by your design  
My trusting is commendable but won't pull your heartstrings  
This magnet for predators is learning to be discerning

Oh, oh, oh, oh
